10. BAKER (I-15/I-40 SPECIAL MARKET AREA)

Even though a majority of stations in this market area are satellites of Victor Valley market stations, it is very important that this area be considered a separate market and stations in this area are separately counted and do not apply towards an owner's Victor Valley market totals. Stations in this area provide a vital service to an extremely large sparsely populated area that includes the very heavily traveled Interstate highway between Los Angeles and Las Vegas. This market area includes the San Bernardino County subdivision of Newberry-Baker.

OTHER COUNTIES

Due to the small number of stations, each county should be considered it's own market.

The Nye County market also includes the Death Valley, Shoshone and Tecopa areas of Inyo County.

The area of Clark County around Mesquite will be considered a part of the St. George, UT market area if the station does not serve the Las Vegas metropolitan area.
